## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1-3, and 5-19 are allowed.
2. The following is an examiner's statement of reasons for allowance: The prior art taken either singularly or in a combination fails to anticipate or fairly suggest the limitations of the independent claims, in such a manner that rejection under 35 U.S.C. 102 or 103 would be proper. The prior art fails to teach a combination of all the claimed features as presented in independent claims 1, 8, and 11, for example, which include, an optical lens having a barrel having a light incidence opening and a receiving space, wherein the receiving space is connected with the light incidence opening and a baffle disposed between the first lens and second lens.
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
